## Story Behind... Front Page Picture!

The front page photo features an **11 lb. 6 oz. Trout** caught by guide **Cliff Webb** in Baffin Bay during the first week in March. The 32-inch trophy fish went to the taxidermist. This is Webb's heaviest Trout since he caught a 12 pounder back in 1996. During a two-week period, Webb and some friends, including Jay Watkins on one trip, caught **35 Trout over 28" in Baffin**. Nine went to the taxidermist, the majority of the others released. Four went better than 10 pounds. This photo will be used as a cover shot in an upcoming **Watkins-Webb video series** on trophy Trout fishing.
